Get More than Just Investment Management

We believe you can achieve a more secure financial future by having a complete view of your finances, and by having a clear strategy to help you attain your goals. This is the reason why we begin every client engagement with a personalized financial plan that includes more than just investment recommendations. After all, your investments are just a piece of your overall financial picture.

Cathy Pareto and Associates is a Miami Financial Planner and Investment Management company serving the needs of clients throughout the state of Florida. Our company also helps clients in other states and in other countries.

Be More than Just Another Account You Deserve More

One of the biggest complaints investors have about their current relationship with their [Financial Advisor](#) is that they feel like a number. They seldom get the personalized service or advice they deserve.

When you work with Cathy Pareto and Associates you will experience the difference it makes to have a well-rounded, knowledgeable, objective and experienced financial advisor on your side that truly understands you and cares about helping you meet your goals.
