

SENSUS GROUP

Welcome to the Sensus Group

We are investment advisors serving corporations and executive clients nationally. Sensus Investment Management Group is a Registered Investment Advisor that specializes in advising corporate retirement plans and customized wealth management solutions for private clients

- Our mission is to improve the performance of client portfolios and reduce costs
- Wall Street veterans having managed assets through multiple economic cycles since 1991
- Average of 20 years investment management experience among founders and principals
- Focus on top down macro economic approach to make asset allocation decisions reflecting risk tolerance of investors
- We place tremendous importance on client service. For retirement accounts in particular, we emphasize participant education in order to maximize employee participation

At Sensus we have significantly improved the performance of our clients portfolios through focus on asset allocation and cost reduction

Retirement plans that work for you™
