Changing the Game

Nowhere does history indulge in repetition so often or so uniformly as in Wall Street. When you read contemporary accounts of booms or panics, the one thing that strikes you most forcibly is how little either stock speculation or stock speculators today differ from yesterday. The game does not change and neither does human nature...

One of my favorite parts from Moneyball is the scene where Brad Pitt is in the room with all the scouts discussing prospective players. He is annoyed over the team's financial limitations and has come to the realization that if he keeps doing things the old way he is going to keep getting the same results. In a way, we see the scene...
