AmericaFirst Funds

Investors should carefully consider the investment objectives, risks, charges and expenses of AmericaFirst Funds. This and other important information about the Fund is contained in the prospectus, which can be obtained at [www.AmericaFirstFunds.com](http://www.AmericaFirstFunds.com) or by calling 866-960-1355. Read the prospectus carefully before investing.

Mutual Funds involve risk including risk including the possible loss of principal. Of course, there is no guarantee that any investment strategy will achieve its objectives.

Diversification does not ensure profit or prevent losses and there is no guarantee that any investment strategy will achieve its objectives, generate profits or avoid losses. The success of the Fund's hedging strategy will also be subject to the Adviser's ability to continually recalculate, readjust, and execute hedges in an efficient and timely manner. An imperfect correlation between such hedging instruments may prevent the Fund from achieving the intended hedge or expose the Fund to risk of loss.

The AmericaFirst Quantitative Funds are distributed by Arbor Court Capital.
