

RJA Asset Management designs and implements equity option strategies for institutional clients. Principals Andrew Jeffrey (<https://www.rja-llc.com/andrew-jeffrey>) and Nick Leeper (<https://www.rja-llc.com/nick-leeper>) combine significant industry expertise with world-class academic backgrounds to deliver solutions that are both theoretically sound and practically relevant. Founded in 2009, RJA is a Registered Investment Advisor with client experience including fortune 100 corporate pension funds, public pension funds, university endowments, health care institutions and insurance companies.

RJA's equity option strategies can improve the long-term risk-adjusted returns of an institutional portfolio.
