

WELCOME TO NEW HARBOR FINANCIAL GROUP

Client-Centered Financial Guidance

There's nothing typical about you, your family or your business.

There's nothing typical about New Harbor Financial Group, either. We're an independently owned, fee-based registered investment advisory firm that provides hands-on investment management and custom-tailored financial guidance services for individuals, families and institutions.

There are a lot of things that separate us from the pack:

- ★ We manage our clients' assets — not a third-party money manager.
- ★ We actively manage investment risk and strive to protect and grow your capital in all market environments.
- ★ We are Certified Financial Planner™ practitioners, a professional certification that qualifies us to provide ethical,

only to our clients.

We understand that selecting the right financial advisor is one of the most important life decisions you can make. At New Harbor, we're committed to giving you all the information you need to make the right choices for you, your family and your business. We want you to know us as well as we hope to know you.

If you're looking for a different approach to personal financial services, one that's based on accountability, independence, and measurable results, you've come to the right place.
