

WELCOME TO STRATEGIC OPTIONS

Let's start trading!

Trade (/trade)

(<http://www.strategic-options.com/trade/stock/amazoncom-inc>)

STOCKS AND ETFS

Regardless of earning's report or what the Federal Reserve does, everyday the Strategic Options Algorithm produces Buy or Sell signals on over 1,000 stocks.

OPTIONS

The same proprietary algorithm that drives equities is available for stock options as well.

PORTFOLIOS

If you don't have time to trade stocks, Strategic Options has portfolios available for your retirement fund.

NUMBERS

Stocks signals are a pure algorithmic strategy. Not Passively managed, not actively managed, algorithmically managed.

THIS IS WHO WE ARE

Strategic Options, the Algorithm runs its self

Chad Humphrey

CEO & Founder

If we knew where the market was going we would all be rich!

Chad created a mathematical strategy for an investment advisory firm in Denver. In late September the algorithmic strategy was employed across the advisory firms portfolio in the fall of 2010. In December of 2010, the advisory firm's won a Lipper fund award for a portfolio that employed this algorithm. (U.S. Balanced/Multi-asset (All Styles) Ranked # 1 ROR 17.45%) Since that time Chad has taken his proprietary algorithm and continued to increase its power and accuracy. The algorithm currently tracks and trades over 600 stocks, ETFs, and options. Currently, the algorithm has been employed across 3 portfolios, Quatro Kinetic, Hardline, Robot Defender. Chad has earned a Bachelor of Arts degree from Occidental College and an MBA from Pepperdine University. While at Occidental College, Chad enlisted in the United States Marine Corps Reserve. In December 2004, received a commission as Chief Warrant

Officer. Chad Humphrey while serving in Operation Iraqi Freedom, Chad was awarded his second Navy Achievement Medal. Chad Humphrey is the founder of Strategic Options, LLC, an algorithmic quant fund in Denver, Colorado and a veteran owned business.
