## 6 Issues Participants Commonly Encounter

Below are issues that Participants constantly confront. **401kActiveWatch** was developed to guide individuals through their Retirement process. As always, if you have any questions, please feel free to ask us by connecting with us below.

### Professional Account Management

What are the best ways to manage your 401k account? We can help you professionally manage your 401k accounts. Our AlphaSolutions Models come with Built-in Downside Risk Controls.

## Understanding Market Conditions

Do you find it hard to research and decipher current market conditions? Our complimentary weekly **Market Focus** will give you easy to understand “traffic-light signals” to help you invest more wisely.

## Target Date Fund Concerns

For years 401k participants are told that proper asset allocation models like Target Date Funds can reduce risk and improve your retirement outcome. So, what happened if you were properly diversified or in a Target Date Fund during 2008?

## Improving Participant Behavior

It's human nature for investors to panic during periods of high market volatility. This is why 401kActiveWatch relies on fact based investing that's rules driven to address human irrational investor behavior.

## 401k Retirement Advice

Have you ever wanted someone to personally advise you on your retirement savings plan? As a 401k participant, you probably didn't receive personal advice from your 401k service providers and wonder why not. Well, we can and will.

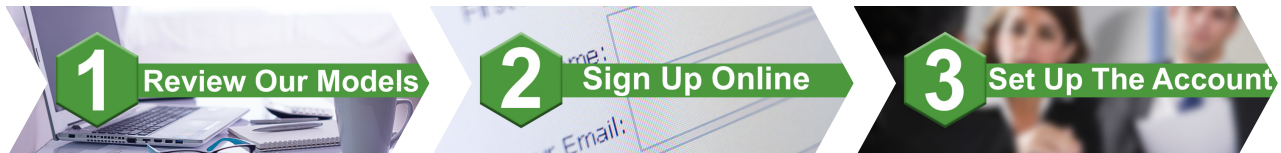

## Retirement Considerations

What are the things to keep in mind for Retirement? We can help you better prepare by identifying for you & educating you in the many areas needed to Retire Confidently.
