

WE BRING **FORTUNE 50 EXPERIENCE** TO THE MIDDLE MARKET

Why GenNx? The Operational DNA of Our Team

We are a private equity firm built to create value for our investors by actively and strategically operating and guiding the companies in which we invest. We focus on industrial and business services companies, in markets we know well. Our team of operational and investment management experts are industry insiders who are able to operationally guide and support portfolio company senior management as partners, leverage our global network of relationships to open doors to uncover new opportunities, and drive growth and value creation across our portfolio.
