Kuramo Capital Management, LLC

We are an independent investment management firm that provides targeted global investment management services to institutional investors, focused on alternative assets in emerging and frontier markets.

Our strategic vision is to be a partner to institutional investors who wish to capitalize on the growth opportunities in emerging and frontier economies.

The Opportunity

Sub-Saharan Africa is now poised to deliver excellent risk-adjusted returns to investors.

The region is benefiting from the same forces that provided an attractive backdrop for long-term investments in other emerging and frontier markets.
