ABOUT US

NOVA IS A PIONEER IN PORTFOLIO BUY-OUTS, SPECIALIZING IN ACQUIRING MULTIPLE BUSINESSES IN A SINGLE TRANSACTION.

We acquire businesses from corporate or financial sellers. We are sector and geography agnostic, but seek control positions. We will look to acquire all businesses that a seller is divesting, with a combined enterprise value typically in the range of \$50-500m. Since our foundation in 2002, we have executed transactions with a value of over \$1.7bn from our offices in London and Chicago.

Nova's team brings together senior operating partners with experienced investment professionals to unlock value in all of the businesses we acquire.
