

Double Haven Capital (Hong Kong) Limited is a long established Asian credit fund management firm with extensive experience in public and private Asian credit markets. The core team has been together investing in Asian credit markets since 2002. Our approach to investing is one of thorough fundamental credit research on underlying companies with an emphasis on cash flow and credit migration; this is complemented by in depth analysis of structure and market conditions. The strategies focus predominately on offshore Asian credit from issuance to maturity and encompass investment grade, high yield, stressed and distressed bonds and loans as well as selective secured private lending. The team has multiple and deep relationships across the region among banks, families, companies, service provider and brokers. Double Haven offers funds in both public and private credit strategies and seeks to deliver superior risk adjusted returns. The team of 15 professionals is all based in Hong Kong and is supplemented by an external advisory board of highly experienced industry veterans. Double Haven has an institutional platform with independent, sophisticated risk management and operations and manages ESG compliant mandates as well as separate managed accounts.

Double Haven is a "Type 9" asset management company regulated by the Hong Kong SFC and also fully registered as an Investment Advisor with the US SEC.
