

About

MB Global Partners is an asset management firm focusing on opportunities in the credit markets and other special situations. It deploys an innovative dynamic approach to portfolio construction by allocating capital in an open-architecture model. The firm makes direct and co-investments, acquires secondary side pockets and other limited partnership interests, as well as partners with top servicers, managers and operating partners. The platform encompasses all aspects of the credit markets – corporate debt, residential mortgage debt, hard assets and other special situations around the world. The firm was founded by Maria Boyazny as a powerful platform for investors to get exposure to a broad set of credit dislocation..... [Read More](#)
