QMS Capital Management LP is an alternative investment management firm applying sophisticated quantitative methods to investing in global financial markets. The firm blends comprehensive academic research, extensive asset management experience, and state of the art technology to best meet the needs of its clients. QMS Capital is a CFTC-registered Commodity Trading Advisor and Commodity Pool Operator.

Leadership Team

QMS Capital's leadership team combines extensive asset management experience and academic training. The firm values academic discipline and industry experience within its leadership, and reflects this philosophy in the composition of the larger team. QMS Capital is independent and wholly owned by its leadership team.
