

FINANCIAL LIFE GUIDANCE FOR THE JOURNEY

FOLLOW THE BLUE BLAZE

Hikers rely on trail markers called blue blazes to point them to water, shelter, a scenic vista, and sometimes, an easier route. The blue paint mark on a tree leads the adventurer toward a unique opportunity.

At Blue Blaze Financial Advisors, we offer financial trail markers to lead you to your unique life goals. Our goal is that you never miss an opportunity to live a life rich with experience.

If you're asking questions like, Am I in the right job? Should I go back to school? Is my family protected from financial risk? Can I afford to pay for college? When can I retire? Do I really want

at your life to advise and coach you through choices. You can chart your own future path knowing that we will be beside you along the way.
