

We are a team of

RESEARCHERS, ENGINEERS, AND FINANCIAL INDUSTRY PROFESSIONALS

using sophisticated statistical models to analyze data and identify predictive signals to generate superior investment returns.

ABOUT ENGINEERS GATE

about

Who we are

Engineers Gate is a leading quantitative investment company focused on computer-driven trading in global financial markets.

Glenn Dubin, hedge fund industry veteran and co-founder of Highbridge Capital Management, launched Engineers Gate in 2014 with the belief that the investment management industry is being dynamically transformed by technology and data science advances, such that systematic investment

strategies that are driven by rigorous quantitative research and advanced technology will generate superior investment results over time.

The Engineers Gate team consists of researchers, engineers, and financial industry professionals.

The company has a collaborative, friendly, and intellectually curious environment that is emblematic of the firm's culture.

Researchers, Engineers, and Financial Industry Professionals with an array of investment, technology, and infrastructure-related talents

What we do

Implementing scientific and mathematical methods

CULTURE

culture

Our shared values, practices, and beliefs

At Engineers Gate, we believe that great ideas emerge when people of diverse backgrounds, experiences, and skills are brought together in a collaborative environment.

Within our community, some have decades of quant industry experience, while others are fresh out of school; some are engineers from Silicon Valley, while others are medalists in international competitions in math, physics, and informatics. We all share a common vision for excellence, shared success, and partnership.

EG is dedicated to providing our talent with resources that nurture their development and enable their success. To this end, our key commitments include:

COLLABORATION

INNOVATION

BALANCE AND SOCIAL
COMMITMENT

FRIENDLY ENVIRONMENT

FUN

CAREERS

careers

We value experience and knowledge but also curiosity and breadth of interest.

We believe that career fulfillment and enterprise success converge when smart, hard-working, and intellectually curious people come together with a shared goal of innovation and the pursuit of excellence.

In addition to a rewarding professional experience and environment, we offer superb benefits, including fully covered medical, dental, and vision insurance, as well as generous vacation time and personal days.

Engineers Gate is always looking for superior talent. If you think this is the right place for you, we would love to talk. See open positions:
