Important Disclosures

You may review the history of the firm and its advisers on [Brokercheck](#). Past performance is no guarantee of future returns. Investments are at risk of capital loss. The Auour strategies invest primarily in exchange traded funds (ETFs) which are offered by prospectus only. Investors should consider the underlying funds' investment objectives, risks, charges and expenses carefully before investing. The prospectus, which contains this and other

important information, should be read carefully before investing. The strategies offered are subject to management risk and an investor's return and principal value of investment may fluctuate, so that an investment, when liquidated, may be worth more or less than their original investment
