## Independent. Thinking.

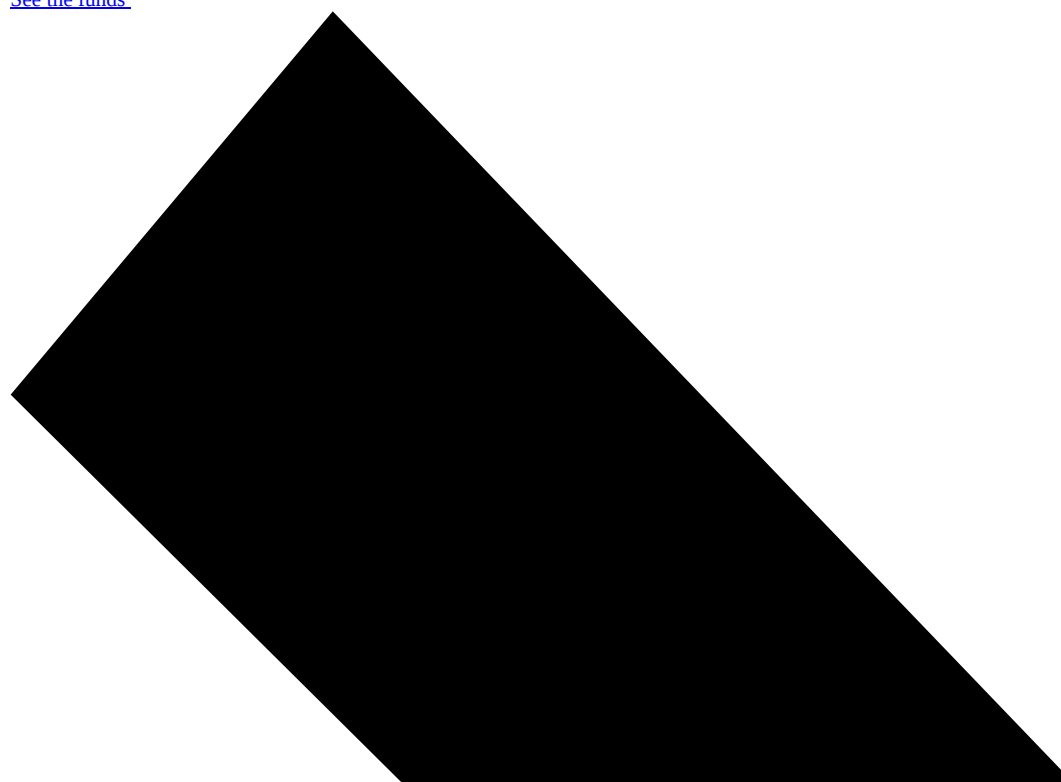

Sector Asset Management enables fully autonomous investment partnerships to prosper. Our business model demonstrates our commitment to Thinking Independently: We partner with the best investment talent, we allow them to focus solely on what they do best – investing capital – while we provide investors the comfort of multiple layers of expertise in Risk Management, Operations and Compliance.

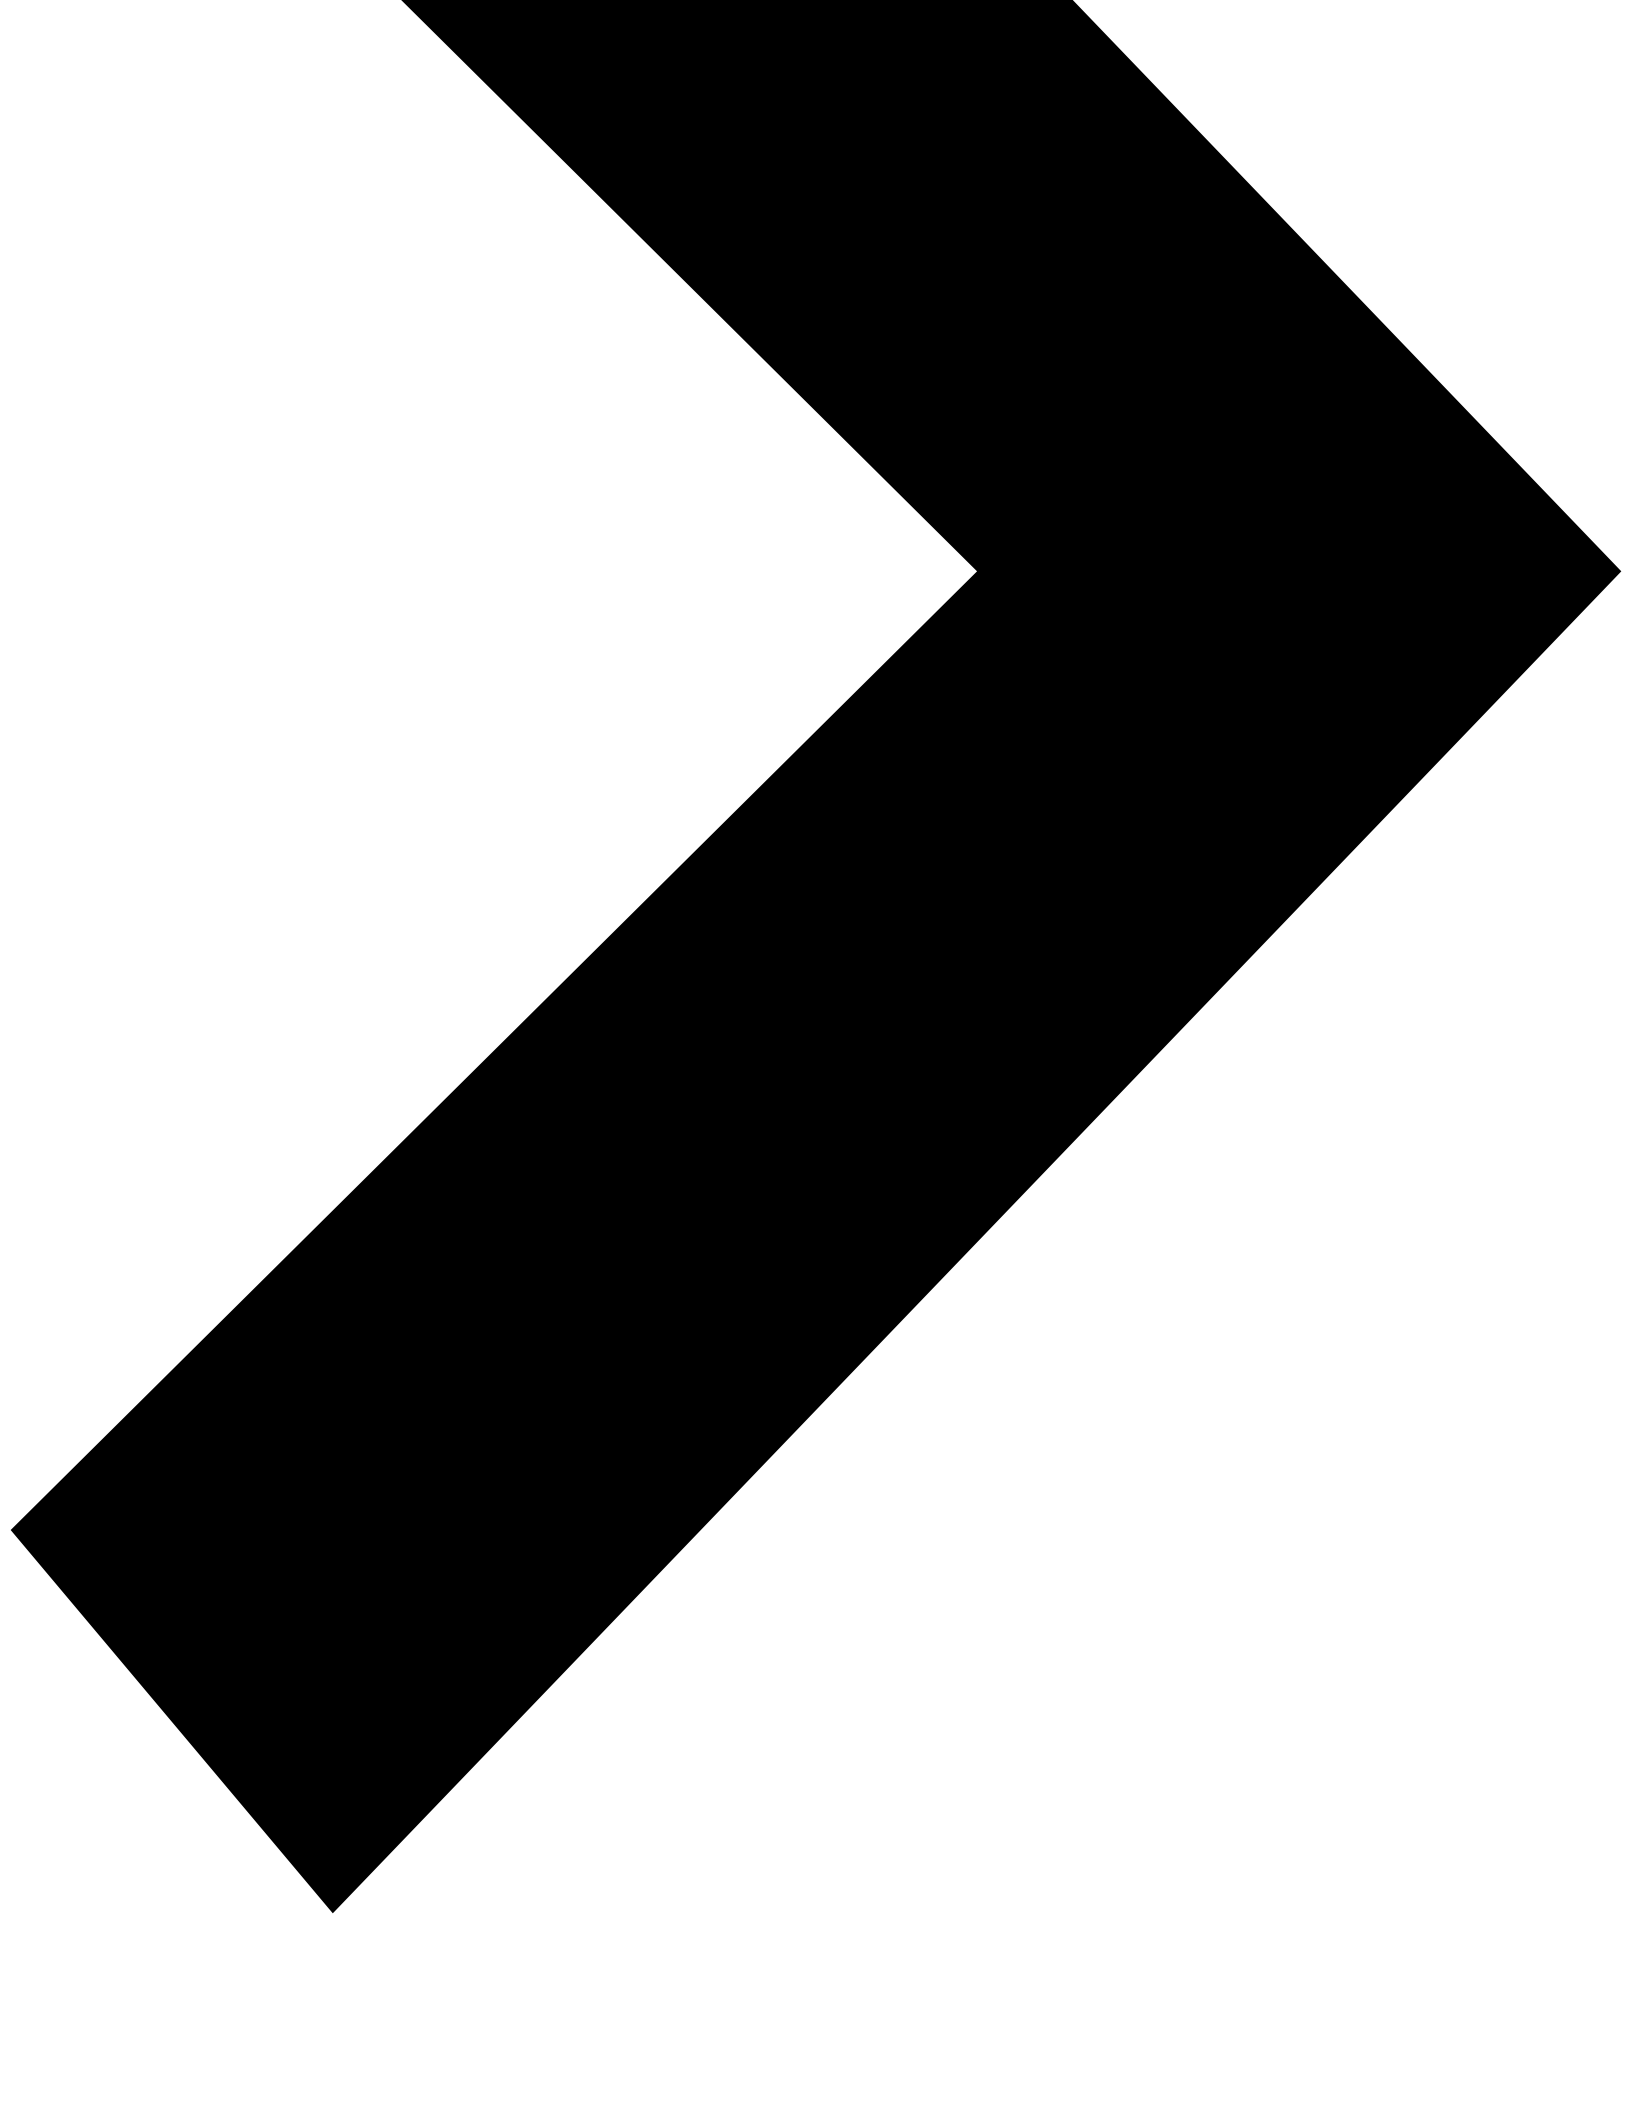

## Funds

We partner with independent, return oriented investment teams. They specialise in high value added and focused strategies where they have edge and can produce sustainable alpha.
