**CU Capital Markets Solutions offers unique financial
strategies that maximize your earnings to create value
for your members.**

We are a CUSO that leads the credit union movement in financial innovation. With more than a century of combined expertise in Capital Markets, Asset/Liability/Balance Sheet Management and Interest Rate Risk, we start beyond business as usual. We implement a comprehensive approach to your balance sheet that produces a meaningful impact for your credit union and its members.

Secondary Capital

CU Capital Market Solutions provides access to Secondary Capital to interested institutions. This is an important regulatory benefit for federally insured credit unions with a low-income designation.
