Extensive Expertise

Welcome to Riverbend Oil & Gas

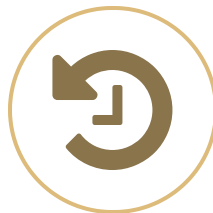

Formed in March 2003, Riverbend has closed over 100 transactions including acquisitions and divestitures, drilling partnerships and equity investments. Historically, our core business has been E&P producing property and drill-bit ready acquisitions. We are currently active in multiple drilling opportunities as we continue to seek out operated and non-operated working interest, mineral and royalty acquisitions. We take pride in being a partner of choice and in closing transactions in all market cycles.
