ARISTOTLE PHILOSOPHY

Why did we choose the name Aristotle?

Aristotle, the great philosopher, emphasized the importance of developing excellence, or virtue, of character. In his view, excellence of character is a state concerned with choice and can be achieved when one is able to take the right action, at the right time, with the right motive and in the right way. At Aristotle, we embrace this concept.

The name Aristotle (Greek name Aristotélēs) means "the best purpose", which is derived from the words aristos (best) and telos (purpose). To us, "best purpose" means that our purpose is to achieve excellence and to do so for our clients, our employees, our community and our shareholders. This philosophy is embodied in the Aristotle tenets below:
