

# Northlane Capital Partners is a middle market private equity firm managing \$1 billion of committed capital

---

## Experience.

Over 15 years, we have invested more than \$1.3 billion in the healthcare and business services sectors.

---

## Partnership.

We partner with industry leading companies and great management teams, aligning incentives to accelerate growth and build value.

---

## Value Creation.

We utilize a range of post-closing strategies, implementing those that best fit our portfolio companies and their end markets.
