

## A Mid-West Based Private Equity Firm

We seek to invest in leading, middle-market industrial companies headquartered in North America that serve domestic and global markets, typically through multi-national operations. Our focus is to provide equity capital to support businesses working to unlock value by becoming stronger franchises through operational or strategic improvement. We take pride in our heritage of providing real-world tools and solutions, and working constructively with management teams to grow and improve their businesses.

## Investing in Industrial Leaders

- Strong industrial franchises providing essential products or services to their customers
- Industrial manufacturing, industrial distribution and industrial services companies
- Revenue of \$25 million to \$500 million (no minimum for add-ons)
- EBITDA up to \$50 million (including negative EBITDA)

- Capital for demanding transactions, businesses and industries
- Experience to look through challenges to find fundamental value
- Flexibility and capability to pursue all types of transactions and structures

## Choosing the Right Partner is Critical

- Dedication to transparency, flexibility, speed, and certainty
- 50+ years of combined experience, comprehensive tools and a heritage of "doing the work"
- Commitment to relationships that are positive, respectful and constructive
- Belief we can achieve our goals through mutual success and shared rewards
