Delivering space that inspires.

WHO WE ARE

We are a vertically- integrated real estate developer, owner, and operator.

Adventurous Journeys (AJ)
specializes in hospitality real estate
and has executed over \$2 billion in
gross acquisition investments
since our inception in 2008.

WHAT MAKES US DIFFERENT

**Where others see
challenges, we see
opportunity.**

AJ is differentiated by our approach to real estate investment, which targets “white space” environments and exploits the market’s under-served demand for unique and authentic experiences.

OUR APPROACH (APPROACH)

TRANSFORMATIVE REAL ESTATE

**We conquer space and
give it back meaning.**

Each of our properties is designed to inspire
and awe - creating gathering places that defy
expectation.

OUR PORTFOLIO (PORTFOLIO)

IN-HOUSE CAPABILITIES

The only thing greater than our passion is our possibility.

We are entrepreneurs at heart. With vertically-integrated capabilities spanning every stage of the real estate investment paradigm, AJ is able to actively manage investments from acquisition to disposition.

AJ's highly-accomplished team of over 60 professionals comes from diverse backgrounds, including: investment management, real estate development, marketing, design, construction and hospitality operations.
