

3P|EQUITY PARTNERS

Patient capital that builds long-term shareholder value

3P Equity Partners is a family office investment firm that provides equity capital to privately held businesses in the general manufacturing, heavy industrials, ecommerce, consumer retail and technology space. Our investors engage us with the confidence of having partnered with 3P team members in a number of prior ventures within North American and Europe. With the success of these prior ventures, our investors have empowered us with the autonomy to make long-term investment decisions without the procedural hurdles facing most financial sponsors in the market today. Our internal competitive advantage is also derived from our combined expertise in both the technical and operational sides of the enterprise, with the collective team having hands-on experience founding, operating and exiting our own businesses.

3P | EQUITY PARTNERS

Hold-Period Agnostic Seamless Transaction

Partnership with Management

- > Reliance on existing management to continue driving growth
- > Strong appetite to deploy further growth capital
- > Incentive structure that aligns interests
