About Piedmont

## People Highlights

## Our Philosophy

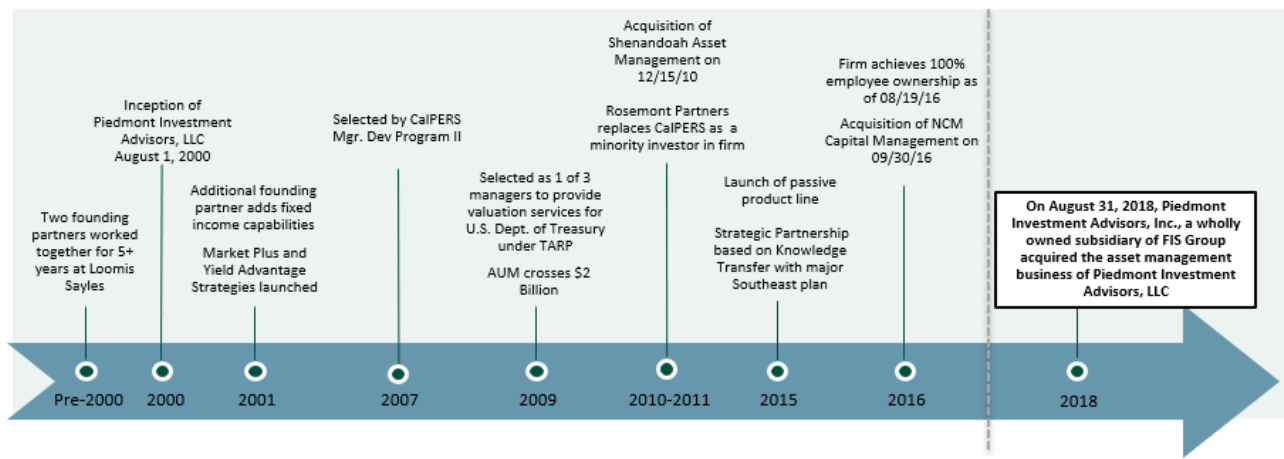

Piedmont's investment philosophy is focused on generating attractive returns by targeting specific levels of investment risk and striking an appropriate balance between these risks and the potential returns we seek in the management of our clients' portfolios.

Our Philosophy

## **Our Ideas**

Extracting alpha through Quantitative modeling, Fundamental review and Macro insight. Our goal is to deliver long-term results, that maximize returns vs. risk, leveraging skill-based investment decisions.
