

Welcome to Investors Diversified Realty, LLC

Investors Diversified Realty, LLC (“IDR”) is a real estate investment manager that provides institutional investors with an open architecture multi-manager investment platform (“Platform”) for the private equity real estate asset class. The Platform offers continuous market intelligence and research in addition to investment opportunities and investment strategies which are developed by IDR professionals who collectively possess over 160 years of multi-disciplined experience and have invested over \$108.0 billion in the asset class on behalf of institutional investors. IDR’s proven investment philosophy is based upon prudently investing capital in investment strategies that are appropriate for the current market cycle and provide superior diversification and risk management to our clients. IDR’s top-down and bottom-up investment process is supported by proprietary processes and procedures developed by IDR’s professionals to deliver the best risk-adjusted returns to our investors. IDR is an SEC registered investment adviser.
