# Successful navigation of financial markets requires an adaptive, forward-looking approach.

Our flagship multi-strategy fund is market neutral and adapts to changing market conditions. It generates the potential for attractive returns with low correlation to other assets, capable of providing true portfolio diversification.

**We Care About  
Education**

Almost 30 years ago, George Weiss told 112 sixth graders at a Philadelphia public school that if they graduated from high school, he would pay for their college education. This promise turned into Say Yes to Education, which today impacts 140,000 children throughout the United States.
