

# Creative Solutions from a Dedicated Team

You Need Advisors Who Understand Your Financial  
Goals

## We're on Your Side

You've worked hard to establish and grow your business and your career. Now it's time to take the necessary steps to protect the wealth you've built and ensure it is preserved for future generations. Don't choose just any advisor. Choose one who understands your business and financial needs, and will help you make the right financial decisions for you and your family.

We have a passion for finding solutions to your challenges, big or small.

## Who We Help

**Privately held business owners and their families.** Our unique experience and multi-industry background

...family-held businesses, where and when families can utilize their unique experiences and multi-industry backgrounds gives us valuable insights on the challenges facing business owners.

**Corporate executives and their families.** We work closely with corporate executives to design long-term financial plans to protect the wealth they have worked to build.

**Individuals.** We take a holistic approach to wealth management and integrate key areas of the client's financial and personal life, including saving, investing, retirement and more.

# How We Help

We help business owners with all aspects of their business and personal wealth management needs, including business entity structure, ownership transactions, retirement plans and financial statement review. Our scope is wider than most advisory firms, given our multi-industry experience and background in business, real estate and tax matters.

We help executives and individuals build and protect their wealth through investment planning, estate plan management, philanthropic planning, and plans for educating children and grandchildren. We understand the tax implications of various employer-provided benefits and stock options, and help our clients navigate the best use of these benefits.
