Value Equity Management

By exploiting the inefficiencies inherent in the equity market, Barrow Hanley seeks to produce returns in excess of the broad market with risk below the market, across all capitalization ranges. The Barrow Hanley value equity strategies emphasize strict adherence to style, internally-generated fundamental research, low portfolio turnover, and active, prudently-concentrated portfolios.

Fixed Income Management

The Barrow Hanley fixed income strategies emphasize the fundamental role of fixed income in traditional institutional portfolios and seeks to protect assets, while producing a predictable stream of income. Portfolios are constructed on a bottom-up basis and credit selection is enhanced by Barrow Hanley's firm-wide research process.
