

*Focused on
Delivering Value
to Investors*

Huntleigh Advisors, Inc. is an employee-owned, national investment advisory firm headquartered in Saint Louis, Missouri. Our team of highly experienced financial professionals focuses on delivering value-based investment strategies to high net worth individuals, pension and profit sharing plans, charitable organizations, corporations, and other investment advisers.

We manage separate client-focused equity and fixed-income portfolios by employing a combination of fundamental analysis and technical analysis. Our portfolio management team invests in the public equity, fixed-income, and commodity markets, as well as mutual funds and ETFs to develop diversified portfolios.

For institutional clients, we provide access to our institutional research group comprised of internal Huntleigh Securities Corporation professionals, in addition to numerous institutional traders, analysts, and portfolio managers from outside the firm with whom we have valuable relationships. We have developed this group through interactions during more than 25 years of institutional money management.
