Fillmore Capital Partners, LLC (“FCP”) is a private investment company that focuses on the development of operating companies and strategies on behalf of institutional and select private-client investors. FCP is invested in healthcare, lodging, affordable housing and other operating company platforms, as well as opportunistic investments in a variety of real estate related asset classes. Our healthcare platforms represent “mission driven” investments to address social needs, while providing investors with acceptable investment returns. Our goal is to make a positive impact in these sectors.

Philosophy

Today’s economic climate demands a fiduciary that possesses not only investment knowledge, but operational expertise in creating value for clients, joint venture partners, and sponsors. We pioneer concepts and develop them into scalable investment strategies for our investors.

Positioning

FCP targets non-commodity real estate dependent sectors with an integrated operating or business platform found in such sectors as healthcare, hospitality, affordable housing and other special situations.

Approach

The FCP team is comprised of career fiduciaries, seasoned investors and operational executives with significant professional experience and complementary skill sets.
