## Welcome to the Future of Investing

In 2006, WisdomTree pioneered what we believed to be better investments and a better investor experience. Our exchange-traded funds (ETFs) are not beta—and they were only the beginning of the investment innovation we call “Modern Alpha™”.

### MODERN ALPHA™

---

WisdomTree’s Modern Alpha™ strategies combine the outperformance potential of active management with all of the advantages of passive management to create ETFs designed to perform.

Investors should carefully consider the investment objectives, risks, charges and expenses of the Funds before investing. U.S. investors only: To obtain a prospectus containing this and other important information, please call 866.909.WISE (9473), or [click here to view or download a prospectus online](#). Read the prospectus carefully before you invest. There are risks involved with investing, including the possible loss of principal. Past performance does not guarantee future results.

You cannot invest directly in an index.

Foreign investing involves currency, political and economic risk. Funds focusing on a single country, sector and/or funds that emphasize investments in smaller companies may experience greater price volatility. Investments in emerging markets, real estate, currency, fixed income and alternative investments include additional risks. Due to the investment strategy of certain Funds, they may make higher capital gain distributions than other ETFs. Please see prospectus for discussion of risks.
