

# Discover the Advantages

of partnering with a top independent retirement and benefits provider

## Newport Group helps companies offer their employees a more secure financial future

We are a leading provider of retirement plans, insurance and consulting services—with more than \$250 billion of corporate retirement and insurance assets, encompassing over one million plan participants from coast to coast (<http://www.newportgroup.com/about/#infographic>). We are committed to meeting the evolving needs of our advisors and plan sponsors while adhering to our most important attributes.

### WHO WE ARE

## Objective. Unbiased. Impactful.

In a market looking for integrity and honesty, we are known for our independence and objectivity. Across all of our services, our goal is the same—to provide impactful, client-focused solutions.

## Expert. Forward Thinking. Innovative.

In a market searching for expertise and thought leadership, we bring knowledgeable in-house resources and “bench strength” to every aspect of contemporary retirement, benefit and compensation plans.

## Flexible. Collaborative. Customized.

In a market demanding the highest levels of customer service, you’ll find us easy to work with, collaborative and committed to being a partner rather than simply a provider.
