The value of involvement.

The Tokarz Group Advisers (TTGA) is a different breed of registered investment adviser. Not only are we exceptionally diligent as we source deals and invest in companies, but we also emphasize the creation of outstanding results by weaving ourselves into the operational fiber of those companies.

We show up. We get our hands dirty. And we exercise our considerable real-world operational experience to work collaboratively with existing management teams with the goal of increasing efficiencies, eliminating waste and ratcheting up profitability and value.

Our highly involved approach is not only more rewarding but also helps us deliver performance that exceeds expectations for a company our size.
