

"CQS is a special place. A place where people are intellectually stimulated and do exceptional things, and where agile minds work powerfully and nimbly together. I thrive on the 'battle of ideas' and love the business"

Sir Michael Hintze, Founder and CEO

CQS is a credit-focused multi-strategy asset manager founded by Sir Michael Hintze in 1999. Our deep experience allows us to offer solutions for investors across a range of return objectives and risk appetites. We are an active asset manager with expertise across the credit spectrum, including corporate credit, structured credit, asset backed securities, convertibles and loans. We are committed to delivering performance and high levels of service to our investors.

CQS has offices in London, New York, Hong Kong, Jersey and Sydney.

To us investment is about finding value where it is hard to identify. Looking further and deeper permeates everything we do. We are very clear about our strengths and focused on our core capabilities, in which we have a proven track record.
