

PRESERVING A HISTORY OF EXCELLENCE

The same commitment that started our farming operations in 1915 remains today as we shape the future of the Kern County landscape with purpose, master planning and solid community partnerships.

Following the sale of the farming operations, Bolthouse retained ownership of over 20,000 acres of land, thereby forming Bolthouse Properties.

Today, Bolthouse Properties has expanded to commercial real estate and master planned community development.

WATCH OUR DEVELOPMENT GROW

Over the last five years, the Master Planned Community has experienced significant growth, which includes Seven Oaks Business Park.

Click to watch our partners share their experience.
