Socially Responsible Investing (<http://www.wsqcapital.com/>)

HOME

We are independent investment advisers focused on Ethical Investing.

Our goal is to help our clients achieve the financial freedom required to live their lives as they wish to.

Whether your focus is on environmental causes, human rights issues, fair trade practices or corporate governance, we can work with you to include these factors into the investment process.

In addition to individual portfolios, we also offer 401K plans for businesses that include socially-responsible investment options.
