## Privately- Owned

---

Foundation Energy generally seeks acquisition opportunities in the \$5 to \$100 million range that have significant current production, but also meaningful potential for exploitation or further development. The company has in-house technical and commercial expertise and resources to evaluate and close transactions quickly.

Over the past fourteen years, Foundation Energy has raised institutional investment funds aggregating over \$500 million. The company is currently investing from its sixth fund.

Foundation Renewable Energy Company (<http://foundationrenewableenergy.com/>) is a subsidiary of Dallas, Texas-based Foundation Energy Company.
