WHY OUR CLIENTS WORK WITH US

“The process of selecting a buyer for my business took an enormous amount of consideration. In the end we choose SunTx, not because they offered the highest enterprise value rather because SunTx offered a better strategy of how to support the business growing to the next level. We are in our fourth

year of SunTx ownership, our business has doubled in size and I admire the quality and integrity of how

SunTx continues to support our growth.”
