Time-Tested Investment Strategies for the World's Fastest Growing Major Economy.

The Cathay Funds

The Cathay family of funds (“Cathay”), managed by New China Capital Management, is one of the most successful and experienced providers of growth capital to companies on the private side of the Chinese economy, with an unsurpassed track record of realized capital events.

Since 1992, Cathay has completed over 50 investments and has completed initial public offerings (“IPOs”), trade sales and other capital events with a cumulative transaction value over US\$5 billion. In 2007 alone, Cathay completed five IPOs of its portfolio companies on international stock exchanges and in 2017 alone, Cathay contracted for or completed four private capital events, with an aggregate value exceeding \$650 million.
