About Starr Investment Holdings

Starr Investment Holdings, LLC ("SIH") is a multi-billion dollar New York-based investment adviser that leverages the Starr Companies' unique duration-agnostic capital together with that of select institutions and family offices. SIH invests in privately-held technology-enabled services businesses with a particular focus on industries such as financial services and healthcare services. SIH partners with world class management teams, supporting them with flexible capital and strategic resources, with a particular focus on opportunities to deploy or expand investments in strategic software and data-driven opportunities to enhance customer solutions.
