ENGAGE

We work directly with innovators
across
the life sciences, including
research
institutions, inventors, and
biopharma
companies.

OUR APPROACH

ROYALTY
MONETIZATION

Our strategy is simple: we acquire royalty interests in leading pharmaceutical and biotechnology products and hold these interests as part of our diversified portfolio.

[READ MORE](#)

R&D PARTNERSHIPS

We work with drug developers to invest directly in late-stage clinical trials across all therapeutic areas. We prioritize alignment with our partners throughout the pharmaceutical life cycle by sharing in clinical development, regulatory approval and commercialization.

PORTFOLIO

The quality and scale of Royalty Pharma's portfolio of pharmaceutical royalties is unparalleled in the industry. Since 1996, we have meticulously acquired royalty interests in many of the industry's leading drugs by sales addressing serious unmet medical needs.
