

GI Partners is a private investment firm that has raised over \$17 billion in capital across private equity and real estate strategies. Since 2001, we have remained singularly focused on building lasting value for all our stakeholders.

Our mission is to generate outstanding risk-adjusted returns throughout business cycles and across all our investments. Delivering such returns means identifying untapped growth opportunities while thoughtfully managing risks as stewards of our investors' capital. We believe that through teamwork and mutual support, we will be able to create enduring relationships with our investors, generate rewarding outcomes for our management teams, and provide unparalleled personal development for our professionals.

“ From the very beginning, we have been focused on creating sustainable value for our investors, for our portfolio companies, and for our employees. ”

Rick Magnuson

Founder & Executive Managing Director
