

Our Proven IP Investment Process

ACQUIRE

Techquity seeks to acquire high quality patents related to the communications, media, and computing industries.

DEVELOP & BUNDLE

Techquity augments the value of acquired portfolios by combining individual assets into stronger portfolio bundles.

COMMERCIALIZE

Techquity deploys assets by utilizing diverse strategies to maximize market return and produce predictable results.

Components of S&P 500 Market Value

The pool of Intellectual property assets in the US is large and growing while the commercialization of these assets is just beginning to accelerate.

*For illustrative purposes only. S&P 500 is not intended to be a benchmark.
