Investing in an IPO is subject to unique risks, tolerance for volatility, and potential loss of principal, that customers should be aware of prior to making an investment decision. Motif cannot guarantee the availability of IPO shares for customers, who submit conditional orders as the number of shares requested for distribution may exceed the supply. Important information concerning IPO participation is contained in the [Terms and Conditions for IPO Participation](#).

Investing in securities involves risks, you should be aware of prior to making an investment decision, including the possible loss of principal. An investment in individual stocks, or a collection of stocks focused on a particular theme or idea, such as a motif, may be subject to increased risk of price fluctuation over more diversified

broadly diversified investments. Motif makes no representation regarding the suitability of a particular investment or investment strategy. You are responsible for all investment decisions you make including understanding the risks involved with your investment strategy.

The 1 Year Return indicates the performance of these particular Motif Thematic Portfolio over the past year as of 10/29/2018. The Since Inception Return indicates the performance of these particular Motif Thematic Portfolios since their respective inception dates as of 10/29/2018. [See how we calculate returns.](#)

Motif Capital Management, Inc., is an SEC-registered investment adviser and a separate, wholly-owned subsidiary of Motif Investing, Inc., a registered broker-dealer and member SIPC.
