

**We take care of your finances,  
so you can enjoy your  
life.**

**Who We Are**

Browning Capital Management LLC is a family operated, independent Registered Investment Advisory firm founded in December 2013 by Scott Browning to service high-net worth individuals and their families.

Financial planning is at the heart of what we do. While investments are a vital part of any financial plan, having adequate insurance, a proper estate plan, or minimizing taxes might be other top priorities. Likewise, perhaps your situation involves a significant transitional event such as a sale of business, death or inheritance. Whatever the need, we believe financial planning advice should always be customized to each client's specific situation by licensed professionals.

## Mission Statement

Our mission is to design a completely independent platform, providing clients with objective and unbiased supervision of their financial affairs, in order to give them peace of mind.

## Our Philosophy

With the foundation based upon putting the interests of the client first, Browning Capital Management LLC promulgates five basic principles:

1. **We provide** unbiased professional services.
2. **We align** our interests with our clients.
3. **We find** world class investment managers and strategies.
4. **We monitor** our clients's situation and make recommendations as needed.
5. **We provide** relentless client service.
