

At Vizance, "good" simply isn't good enough. Good coverage, good rates and good service don't separate one insurance agency from the rest. It's our vision, vitality and advice that make us different – and that difference is dramatic.

Business Insurance

The goal of our team of professional advisors is to work with our clients in order to understand their business and their goals and to minimize their exposure to and cost of risk so that those goals may be achieved. It requires an integrated approach toward risk control, claims solutions and risk transfer, and a commitment from you and us to implement and monitor the plan, leading to new levels of business certainty.
