# NINE DECADES PROVIDING CUSTOM, PERSONAL INVESTMENT SERVICES.

In the nine decades since Roscoe C. Ingalls and John T. Snyder founded this firm, countless investment firms of our size have closed or been absorbed by major national organizations. Ingalls & Snyder, on the other hand, has remained independent and thrived. We believe this is because our clients appreciate the unique personal approach we take to providing investment advice and services. Some relationships have

continued with our firm for multiple generations. We have also managed our firm in a conservative manner, to ensure stability that our clients can count on for years to come.

The Financial Times 300 Top Registered Investment Advisers is an independent listing produced annually by the *Financial Times* (June 2018). The FT 300 is based on data gathered from RIA firms, regulatory disclosures, and the FT's research. The listing reflected each practice's performance in six primary areas: assets under management, asset growth, compliance record, years in existence, credentials and online accessibility. This award does not evaluate the quality of services provided to clients and is not indicative of the practice's future performance. Neither the RIA firms nor their employees pay a fee to The *Financial Times* in exchange for inclusion in the FT 300.
