## Wealth Stewardship

Saving up, and still not getting anywhere? There are a lot of twists and turns with life and money. Setting up systems and monitoring results is why individuals and families keep Riggs Wealth Management as their “go-to money guy.”

## Retirement Plans

So your company has a 401k plan? Are you working for it, or is it working for you? Let me help you measure its performance and cost.

## Meet the Man

A man with a plan seems trite, huh? However, Greg Riggs, owner of Riggs Wealth Management has been a fiduciary and certified financial planner since 1984, so he has a few ideas. All the ideas include keeping you financial safe.

## Contact

### For Individuals & Families

As a Certified Financial Planner since 1984, the most common question Greg Riggs gets asked is: "Can you help me manage my money?" We've helped families just getting by, to people with a ridiculous amount of cash. Read more about the philosophy.

### For Business Owners

So you own a business! Do you have, or are you considering some form of Retirement Plan? All employees love a 401k, especially if you, the owner, provide a match. However, a match will almost never help YOU. My job is to represent the interest of the person that signs the check on the front!

## They are now calling it the Christmas Eve massacre.....

Riggs Wisdom

When I last wrote, the first week of January, we had just experienced quite a fearsome correction. That correction is now being referred to as the Christmas Eve Massacre. How poetic, and typical of the media. Our indicators started showing defense quite a bit before...

## Space Mountain.....

Riggs Wisdom

In your mind, create a visual of a rollercoaster. You get in line, board, and the attendant straps you in, and the ride begins. Seems to me it begins to climb, does some turns, a couple small drops, a few more turns, and then it begins the big climb. Well, you can...

## Trick or Treat!

Riggs Wisdom

Or in the case of this October, trick only! In a typical year, the stock market has one correction of about 10%, and three of 5%. But not this year! This year we had no 5% but have been blessed with a second 10%. The S&P 500 corrected down to about -11.2% at its...
